Questions & Answers L-1
Posted 10/30/2009

Question L-1: In Section L-6, Schedule 4, the instructions state: "Level 2 Cost Elements in Schedule 4 should be used as an outline for the WBS structure." However, the Level 2 Cost Elements provided do not include the ones for "Material Handling/Transportation" or "Disposal" which include the level 3 elements for waste handling, packaging, transportation and disposal. Can the Offeror add these Level 2 elements to the outline to capture these costs or would DOE prefer that we include them as an "Other" under the provided Level 2 element for "Facility Decommissioning and Dismantlement"? Please advise.

Answer: Reference Section L.32, Attachment L-6, Schedule 4, and Attachment L-7, Labor Hour Template, will be revised to include WBS Level 2 elements for ".32 Material Handling/Transportation" and WBS Level 2 element ".33 Disposal". Offerors should use these WBS Elements to capture costs as described in the DOE Environmental Cost Element Structure (ECES) Definitions.

The solicitation will be amended.
